

## WELCOME TO HAPPY MELLY, THE PROFESSIONAL HAPPINESS ASSOCIATION

### What is Happy Melly?

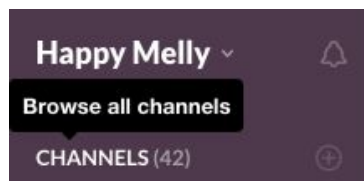

- Happy Melly is a Global Professional Happiness Association dedicated to helping people be happier at work.
- We strive to connect like-minded people and organizations and provide them with access to practical, insightful and tangible resources.
- Our main interaction hub is [Slack](#)

### How do I know which Slack channel(s) to join?

- When you first join [Slack](#), you are automatically added to a few channels. Head over to [#getting-to-know-you](#) and tell us a bit about yourself. Our community gardener [@patrick](#), and/or other members will point you to a first few channels that may interest you.

### How do I search for channels in Slack?

- We've already added you to a couple of channels and there are plenty more awaiting your exploration, here's a quick 'How To'. In Happy Melly Slack:

- Click on "CHANNELS" to see a list of what's currently available. Each channel has a short topic description.
- Click any channel to preview the current discussion thread.
- If things look interesting, use the Join Channel button to, well, join the channel.

### Are there Happy Melly meetups?

- So far, Happy Melly has been mainly a virtual community - no meetups are organized by the Happy Melly team.
- Of course you are more than welcome to organize a face-to-face meetup. The [#geo-xxxxxx](#) channels in Slack may tell you who else is in your country or region. You can check-in to see who is interested in such meetup.
- If you can't find a suitable geographical group, reach out to [@patrick](#) on Slack, he can help you identify members that may be close to your location.
